MAHABLESHWAR READ

AL INTELLIGENCE

URSDAY EVENING, MARCH 9.

advices from home report an easier ey market there, the outside market being given as 4 per cent., and the nds of Government Stocks are quoted e. French Rentes are now 116¾, onsols 101⅛, Indian Sterling Loan 101⅛, upee Paper 84⅞, and 4½ 91⅝. The fts were all taken up yesterday at the rate of 1s. 8d., the great bulk of them being for Calcutta, only about 8 lacs Bombay. The Bullion shipments to our however £60,000 Silver and £20,000 Gold. had been very firm all week, and yesterday with sales 15,000 bales, and Mid-Up- 6⅛, or ⅛ higher than they were last mail. Surats are quoted as before, but arrivals ighter, and we have had in consequence an ve and advancing market here, and a very e business has been done from day to day at a dual advance. In our other exports business has en quiet, owing to the very dull advices for both Wheat and Seeds received from European markets. Money is still in strong demand and tight, and the returns of the Bank of Bombay do not point to any reduction in the present high rates of discount. Our import trade during the week has been interfered with very much owing to the Holee holidays, when the Piece-Goods market was entirely closed. Since it opened, however, it is reported that the up-country buyers have been operating very freely.

EXCHANGE is a shade weaker owing to the prospects of cheaper money at home, and a slight fall in the value of Silver. Freight also are quiet, owing very much to the falling off in the Wheat shipments.

The market only opened on the 7th after the holidays, and since then there have been large sales from second hands, and the up-country advices are very good. Shirtings are in too large supply to be improved in price, and all we can say of the low medium makes is that they are pretty steady. The finer makes, however, are in improved demand, and the same remark applies to fine T. Cloths, and Madapollams, Mulls, and Jacconets with Grey and White, there is little doing in at present. White Shirtings are quiet, and prices a little lower. Prints are still very dull. Dhoties are in fair request, and some kinds a little higher. The shipments from home for the month of February are just wired out, and they are, we are glad to say, moderate. What effect (immediate) the sweeping away of all import duties as provided for in the Budget will have on the market it is as yet too soon to give an opinion In the meantime it of course leads buyers to expect lower prices for dutiable goods. No doubt in the end it will lead to a large development of the foreign trade of the country in all its branches, and, we believe, will soon justify the wisdom of our present Government in carrying out a Free Trade policy with so much boldness.

COALS have been steady all week, and the market closes firm. Most sellers, however, are asking about 8 annas more than buyers will give. We quote current rates as follows :—

Davison's West Hartley	Rs. 14	alongside to arrive.
Ryhope do.	„ 14	do. do.
Cardiff	„ 14½ to Rs. 15	do. do.
Laird's Welsh Hartley	„ 13 to „ 13½	do. do.

A cargo of Davison's West Hartley has been sold to arrive during the week at the above rate of Rs. 14, and also a cargo of Ryhope on the same terms. We hear also of a cargo of Cardiff, February-March sailing, having been placed at Rs. 15.

METALS.—A fair business has been done in Copper Braziers during the week at Rs. 48-12 for ready, and a lot of 100 cases March shipment is reported sold to arrive at Rs. 48-4. We also hear of a sale of 50 cases Yellow Metal to arrive in a steamer just at hand at Rs. 39-8. Quotations are :—

	(Spot)	(To arrive)
Copper Braziers	Rs. 48½ to Rs. 48¾	
Yellow Metal Braziers	„ 39½ to „ 39¾	
Do. Wallaroo	„ 45 to „ 44¾	
Hard Spelter	„ 8¼ to „ 8½	

The repeal of the duty will of course tend to lower prices being equal to Rs. 2-8 per cent., but it is as yet too soon to give its exact effect. No doubt it will make the spot market very dull.

COTTON.—The week has been an active one in this staple, and under the influence of favourable advices from home a large day to day business has been put through even during the holidays. The demand has been upon the higher grades as before, and prices of these have day by day got firmer. A business was done at Rs. 192 to Rs. 195 for Good Oomras, European sellers, and Rs. 182 to Rs. 185 for F. G. Fair, but the greater bulk of the transactions were in ready lots of native Cotton at a rupee or two under these quotations. Good Broach was placed at Rs. 226 to Rs. 228, and some early arrivals of Dhollera classing Fully Good to Fine found purchasers at Rs. 203. The advices from Liverpool last night, however, being much better for arrivals, the market has this morning opened very strong at an advance all round, and for the better Oomras it amounts to between Rs. 4 and Rs. 5 on yesterday's quotations. We now give the detailed quotations of the day as follows :—

Broach.	Good	Rs. 230
Oomrawuttee,	Good	„ 200
Do.	F. G. F.	„ 190
Do.	G. F.	„ 182
Akote, Best		„ 210
Bhownuggur,	Good	„ 202
Do.	F. G. F.	„ 192
Dhollera,	Good	„ 200
Bengals,	Fine	„ 166
Do.	Fully Good	„ 156
Do.	Good	„ 150
Do.	Fully Good Fair	„ 145

The receipts and shipments of Cotton for the week have again been large :—

		1882.	1881.
Receipts from 28th Feb. to 7th March		71,030	43,607
Do.	1st Jan. to 7th March	455,403	270,905
Shipments from 1st to 8th March		37,208	40,702
Do.	1st Jan. to 8th March	373,907	183,655
Cotton in harbour		47,654	23,576

SEEDS.—The accounts from home are rather dull, but at a slight giving way in price large purchases have been made here both on the spot and to arrive. Linseed has been sold at Rs. 5-6 to Rs. 5-7, both for spot and for May and June delivery. We quote current rates as follows :—

Gingelly	Rs. 30 to 30½
Linseed	„ 5-6 to 5-7
Rapeseed	„ 5-9 to 5-10

The arrivals and shipments of Linseed for the week have been as follows :—

	1882.	1881.
Receipts from 28th Feb. to 7th March	98,961	52,674
Do. do. 1st Jan. to 7th do. ..	329,204	208,727
Shipments from 1st March to 8th do. ..	55,674	44,028
Do. do. 1st Jan. to 8th do. ..	295,031	209,028

WHEAT is very dull at home, and the market here is much depressed. Arrivals are now light, but stock in the Port are still heavy and do not meet a ready sale even at a reductions in price. We now quote No. 1 White Plessy Rs. 29-8 to Rs. 30. Receipts and shipments are as follows :—

	1882.	1881.
Receipts from 28th Feb. to 7th March.	92,903	74,161
Do. do. 1st Jan. to 7th do. ..	1,926,802	734,947
Shipments from 1st to 8th do. ..	175,615	110,384
Do. do. 1st to 8th do. ..	2,721,111	871,265

Our Stock and Share market was entirely closed from the departure of last mail till the 7th inst.

GOVERNMENT PAPER opened weak under the influence of a tight money market, and large sales were made of 4 per cents. at 101¼. Better prices coming from England, and more cheerful prospects in money matters there, combined with the very favorable Budget just wired from Calcutta, have however given the market latterly considerably more strength, and we are now firm at 101¾—and it is only the lightness and great demand for money that keeps all these favorable circumstances from having much more influence on the market 4½, per cents. have advanced to 108¾.

BANK SHARES are firm, and the Bank of Bombay has improved to Rs. 770. Land Companies are steady. Press shares opened after the holidays strong and at a slight advance, but they are again rather quieter. Spinning shares have been rather weak since the market opened and prices are hardly supported. In some cases our quotations by this mail are a little lower, but there is no material alteration, one way or the other. Burmah Company's shares have been in demand at an advance, and we now quote them Rs. 2,325. Other Miscellaneous shares are without meterial alteration.

EXCHANGE.—Bank Bills have not altered during the week or rather for the last three days during which the Banks have been open, and we repeat our quotations of last mail. Mercantile Paper has however fluctuated to the extent of about 1-32. On Tuesday when the market opened a large number of bills were offering, and 3 months' Credits were firm at 1s. 8 9-16d., and 6 months' at 1s. 9¾d. Documentary bills being 1-32 higher. Next day, however, with a fall in Silver at home and easier money, the Banks were more free buyers, and business was done at 1-32 less, and this is about the quotations of this morning. On Tuesday a large forward business was done on 3 months' Credits at 1s. 8¾d. for April and 1s. 8 15-32d. for May delivery. We now quote :—

	Tel. Demand	3 months'	4 months'
Banks	1s. 8 3-32d.	1s. 8 9-16d.	1s. 8¾d.
	3 months' sight.	6 months' sight.

THE LONDON PRESS ON THE INDIAN BUDGET.

LONDON, MARCH 9.

The London press approve of the Indian Budget. The *Times*, in a leading article on the subject, says that a cautious financier might hesitate to grant a permanent remission of taxation relying upon a sanguine view of the opium trade. Assuming, however, that no serious risk is incurred in taking increased estimates, it can hardly be doubted that the Indian Government has acted rightly in applying the surplus to a reduction of the salt-tax.

The *Daily News*, in expressing its approval of the Budget, supposes that a loan will be necessary during the year, but says that it is something that the necessity for further borrowing is not yet felt.

THE members of the High Court Bar meet this afternoon, to consider what steps should be taken by them to recognise the services of Sir Michael Roberts Westropp as Chief Justice of Bombay.

MR. JUSTICE PINHEY, not Mr. Justice Kemball as was stated some days ago, presides on the Original Side of the High Court in the place of Mr. Justice West, who proceeds to-day on leave to Europe. Mr. Justice Pinhey will not be new to the work on the Original Side, as his Lordship presided on that side for three years from 1873 to 1876.

MR. NANABHAI HARIDAS, who has been appointed to act as a judge of the High Court during the absence of Mr. West on leave to Europe, took the usual oath of fealty to the Queen-Empress before a Secretary to Government on Tuesday last. Mr. Nanabhai assumes charge of the office of acting judge after office hours to-day; and about the same time delivers over charge as Government Pleader to the Hon'ble Rao Saheb V. N. Mandlik, C. S. I.

AT the High Court yesterday, the Advocate General applied to Sir Charles Sargent, under section 76 of the High Court Criminal Procedure Act, for an order than the personal attendance of Brigadier Surgeon Christopher Joynt as a witness in the Kolhapore Libel cases at the next Criminal Sessions might be dispensed with. The reason for the application was stated in an affidavit made by Mr. H. Cleveland, Government solicitor, who said that he was informed by Government that the services of Dr. Joynt were urgently required at a distant station (Quetta); that he could not be detained in Bombay; nor could he return at the time of the Sessions in April next without detriment to the public service. Mr. Inverarity, for the prosecution, said he did not require Dr. Joynt's personal attendance if his depositions could be used at the Sessions. Mr. Perozshaw Mehta, for the accused, contended that the application was premature; that section 76 did not apply to a witness who was in the jurisdiction of the court; that the Government, on whose behalf the application was made, had no *locus standi*; and that the affidavit on which the application rested was very meagre, and that the court had not been placed in possession of full information on which a decision could be formed. His Lordship said he failed to discover any words in the section to support Mr. Perozshaw's contention; and although admitting that the affidavit of the Government solicitor might have been more detailed than it was, his Lordship thought it was sufficient to show that very great inconvenience to the public service would arise from Dr. Joynt's being detained in ... until the time of the sessions. His Lordship directed the Chief Presidency Ma... Joynt under commission ... which have

the Wadhwan district there were 17 cases, and 13 deaths. The only other part of the presidency where cholera was reported is the Pen Taluka of the Kolaba Collectorate, where there was "cholera in one village."

THE Calcutta Trades Association at the last moment memorialized the Viceroy on the subject of the licence-tax. The memorialists prayed that the opportunity afforded by the large surplus revenue of the past year might be embraced to repeal the tax, or if that course be deemed impracticable or undesirable, that its incidence might be so altered as still further to relieve the poorer classes who are now subjected to the greatest harassment and injustice in assessment, to extend it to the professional and salaried classes who are now exempt, and to introduce into Class I. a more equitable scale.

THE committee of the Bengal Chamber of Commerce have replied to Mr. Lepper's proposals for opening up a new trade route between Assam and China, that they "were of opinion that the very important mission which he was prepared to undertake deserved all encouragement at the hands of the Chamber of Commerce, and that the successful issue of Mr. Lepper's project would be attended with material advantages to the trade of Bengal and Assam. The Committee consider that, by taking the route which Mr. Lepper proposed, all obstruction by the Thibetan authorities would be avoided, and that a free and friendly intercourse with the people of the neutral territories bordering upon Thibet, China, and Assam may eventually lead to the Lama Government in Lassa, gradually removing the prejudices and the barriers which at present prohibit British goods entering Thibetan territory. The chief advantages, however, would be the establishment of commercial relations on neutral ground with the populous and fertile provinces of China, thus avoiding all political difficulties or even trade treaties, and the interchange of trade which, if fostered by mutual good understanding, would probably assume large proportions to the benefit of both countries."

A MOST absurd instance of red-tapeism has come to the notice of the *Englishman*. An officer holding an appointment on the Staff at Simla has recently been transferred to another appointment at Secunderabad. The Military Department, foreseeing the difficulty, under their hard and fast rules regarding allowances, &c., of the expenses of the direct journey being paid to the officer, suggested a novel manœuvre, and this was that the officer in question should first proceed from Simla to Burmah, and report himself to his regiment, and, on receipt of orders which would await him there, continue his journey to Secunderabad. He would then be entitled to draw his travelling expenses for both journeys. "The officer, however, has a soul above such petty things and has wisely, though we fear injudiciously for his own pocket, resolved to proceed direct to his new station instead of travelling all round Hindustan, and is relying on the unstable promise of efforts to be made to have his expenses passed as a very special case."

Is the Fellowship of the Calcutta University a distinction which requires to be renewed from time to time, or is there some special "grace" by which it may be twice conferred on the same person? The *Pioneer* asks the question, because among the newly-appointed Fellows for the present year is Colonel George Chesney, R. E.; but Colonel Chesney has been a Fellow of the University for the last fourteen years at least, his name appearing as such on the title-page of the first edition of *Indian Polity* published in 1868.

AN ingenious officer in the Railway Branch of the Public Works Department is devoting his energies to the contrivance of an effective method of cooling railway carriages. He argues that if trains can be made cool for carrying fish and meat, there is no reason why they should not be cooled for carrying passengers. The plan he suggests is that of a big saloon or car, with double roof, sides, and door; large blocks of ice would be fixed in the passages between the inner carriage and the shell, and a small "Root's blower" in a compartment at one end of the saloon, would draw and discharge air through these passages, creating a cool draught which would greatly reduce the temperature of the carriage. Indeed, from some experiments made on the Rajputana line, the inventor believes there would be no difficulty in keeping his saloon-top at 75° or 80° in the hottest weather. The extra price of travelling in this saloon is estimated at five or six rupees for the journey between Allahabad and Bombay.

FROM the musketry returns showing the figure of merit attained by the regiments of the Bengal Army in the annual course, it appears that the best shooting regiment this year is the 1st Battalion Seaforth Highlanders, which, out of a total 671 men who have completed the course, has 332 marksmen, and the high figure of merit of 140·85. The 1st Battalion Border Regiment has a figure of merit of 138·74, the 1st Battalion West Riding Regiment 134·96, the 4th Battalion King's Royal Rifle Corps 132·98, the 1st Battalion Suffolk Regiment 132·76, the 1st Battalion York and Lancaster Regiment 130·99, and the 2nd Battalion East Surrey Regiment 130·61. The lowest on the list of thirty-four British Regiments is the 1st Battalion King's Own Borderers, with 95·88. The best shooting native regiment in Bengal is the 12th N. I., with a figure of merit of 107·34, and the lowest on the list of 65 regiments, the Bhopal Battalion, with 66·30.

WE are glad to see that Mr. Grant Duff is impressed with the value of forest conservation in India. Speaking in reply to an address from the inhabitants of Coimbatore the other day, the Governor of Madras said:—"As to the improvement of your irrigation works, you will not expect me to say more than that I shall confer with the authorities here, and with other experts, as to the changes which you suggest. We have in the state of your water-supply a melancholy illustration of the evil that is done by destroying the forests, which—as no one knows better than Mr. Stuart, who is in these matters, like myself, a disciple of my friend Mr. Marsh, the United States Minister at Rome—are the natural guardians and the best distributors of moisture. There is no subject about which the Madras Government is more interested just at present than this, and I take it as a good omen for you that my visit to your town synchronises with that of Dr. Brandis, who is not only the best authority in India upon forestry, but one of the best authorities upon that subject in the world."

IT is reported that Mr. Carbutt, M. P., a member of the Institution of Civil Engineers, has intimated to Lord Hartington his intention to call attention to, and move a resolution on, the subject of the disabilities of civil engineers in the Public Works Department in India, as regards position, pay, and pensions. A contemporary learns that a strong Committee has been formed in London in support of Mr. Carbutt, and that the profession at home seem disposed to urge the abolition of Coop... AN important conference was held at the United States Navy Department on the evening of the 15th February, which was attended by the members of the Naval Committees of the Senate and House of Representatives, Admiral Porter, the principal officers of the Navy, and the heads of the department. The Secretary of the Navy declared that the construction of the American Navy attracted attention, owing to the fact that the relations of the United States on the Isthmus of Panama might be said at the present time to be critical. The general discussion which followed referred to the needs of the Navy; the majority of the speakers favouring the construction of large and swift steel cruisers.

LOYALTY OF THE PARSEES OF POONA.

(FROM A CORRESPONDENT.)

AN unusually large number of the members of the "Buzme-Roze-Behram" and of other Parsees of almost all ranks and denominations was present on the evening of Tuesday last, in the Patel's Firetemple on the occasion of a public thanksgiving for the late marvellous and providential escape of our Most Gracious Majesty the Kaisar-i-Hind. On that auspicious evening the temple was brilliantly illuminated. After prayers, Khan Bahadoor Professor Hoshang delivered a very learned sermon on loyalty. He first showed from the testimony of the "Zend-Avesta" that the Parsees are religiously bound to be loyal to their rulers, be they of whatever cast or creed. To illustrate the great importance attached to loyalty in the teachings and doctrines of Zoroaster he adduced the fact that the Parsees are taught from their infancy to recite after their daily prayers a formula whereby they invoke the Lord to bless their ruler and family with a long life, peace, and prosperity. The Dastoor said that from another point of view, too, the Parsees are bound to cherish feelings of loyalty towards the British rule. For, since the time of their emigration, the Parsees under Mahomedan and Hindu Kings were strangers to that peace, that honour, that security and those blessings which they began to enjoy in British administration. After dwelling upon the benefits and importance of the British Raj to India in general and the Parsees in particular, the Professor read a Gujrati translation of the prayers that were offered that evening in Zend by Sirdar Khan Bahadoor Dastoor Nosherwanjee, high-priest of the Deccan.

THE KOLHAPORE LIBEL CASE.

AT the Fort Police Court, yesterday, Sadashew Pandurang Bhide, *alias* Nana Bhide and Keshow Narayen Bakle, again appeared before Mr. Webb, to answer the charge of defamation preferred against him by Rao Bahadoor Mahadew Wassoodew Barve, state Kharbaree of Kolhapore.

Mr. Inverarity appeared for the complainant, and Mr. Pheroshaw conducted the defence.

The Magistrate then framed charges of defamation and abetment of the offence against the first and second accused respectively.

Sadashew Nana Bhide, when asked if he had to make any statement, said I have looked at the section myself under which this charge is brought against me. I begged of His Excellency the Governor to grant me an interview, and he did grant me an interview for 30 minutes on the 26th November. I saw the Governor and he said it was his sincere wish to do the Maharaja good.

The Magistrate.—What is the use of making such a statement?

The Defendant.—I do not think a *prima facie* case has been made out against me, I therefore wish to address your Worship a few words, I have acted in this matter in good faith.

Keshow Narayen said he did not wish to make any statement.

The Magistrate then formally committed both the accused to the Sessions.

The defamation against Gopal Ganesh Agarkar and Bal Gangadhar Tilak were then proceeded with.

Wamon Govind Ranade examined further by Mr. Inverarity said, I do not know what relationship exists between Rambhau and Nana Bhide. I have known Rambhau for the last four months, that is, about two months before he gave the letters. I do not know where he lived when I got the letters; but he used to come to me. He introduced me to particular persons introduced Rambhau to me. He did not come to me for any particular business. He came several times before he gave me the letters.

Mr. Inverarity.—Why did you go to his house on the 29th November?

Witness.—I had gone out on some business. I saw on my return Rambhau who asked me to drop in and eat *pan supare*. After about half or three quarters of an hour he showed me the letters. I may have gone to his house once or so before. I think there was a *kirtan* ceremony caused by me to be performed in a temple, and I called on Rambhau to invite him to the ceremony. I have put up with Tilak and Agarkar at Bombay. Nana Bhide, Keshew Bakle, and my servant also live with them. I am a stranger here, and have no other acquaintances at whose house I can put up.

Mr. Gopal Vithal Kashekar, Government Reporter, being recalled, said, I produce from the records of my office copy of the letter sent to the proprietor of *Kesari*, subscribing for the paper. I produce a reply to that letter from Bala Gungadhar Tilak. It is dated the 7th February, 1881.

Ragonath Moreshwar Wakankar, a clerk in the employ of the *Times of India*, said, he got every week a packet of the *Kesari* newspaper from Poona, he received it regularly every week in the months of December and January. The copies of the paper are sent here for distribution among the subscribers. Witness was a subscriber to the paper. He had a file of the paper containing the articles upon Mr. Barve, and had lent it to him.

Cross-examined by Mr. Pheroshaw, the witness said he gave the file about 8 or 10 days previous to the commencement of the prosecution instituted by Mr. Barve. Yesterday he gave the file direct to Hari Balkrishna, who is a relative of Barve. Witness heard that Hari was Mr. Barve's agent in Bombay.

Mr. Pheroshaw.—What is done with respect to the manuscript of the articles published in the *Times of India* office.

Witness.—There are mostly torn, and burnt after a month or two. This is only my impression. I do not know. It is done with respect to communicated articles.

Mr. Inverarity.—I call upon my learned friend to produce the manuscripts of the articles published in the *Kesari*.

Mr. Pheroshaw.—We do not produce them.

Shunker Moro Ranade, being examined by Mr. Inverarity, said. I am the Bombay agent of the proprietors of the *Kesari*. A packet containing copies of the paper is sent every week for distribution. I produce a list of the subscribers to the *Kesari* in Bombay. There are about 300 in number. I was appointed agent about two months after the paper was started. I collect the subscriptions in Bombay. I believe there are six proprietors of the *Kesari*. They are Vishnu Krishna Chiplonker, Bal Gangadhar Tilak, Gopal Ganesh Agarkar, Vamon Shivram Apte, Mahadew Balla Namjoshi and Ganesh Krishna Joshi. I have read the prospectus of the *Kesari*, to which the above names were appended.

Mr. Inverarity asked Mr. Pheroshaw to produce a copy of the prospectus.

Mr. Pheroshaw said that a notice was received only last night, and was unable to produce a copy at such a short notice.

Witness continued.—I have no copy of the prospectus with myself. I produce this receipt book for the *Kesari* and *Mahratta* supplied to me by the manager of the *Arya Bhushan* press. It was supplied to me about December last, I am myself a journalist, and am connected with *Native Opinion*. A copy of the *Kesari* is sent regularly to the editor of *Native Opinion* in Bombay.

Cross-examined by Mr. Pherozshaw.—I mentioned Mr. Tilak's as being one of the proprietors of the *Kesari*. I believe so, because his name was appended to the prospectus. The prospectus was circulated about a month or so before the paper was started. Seeing that the names of the six gentlemen were at the foot of the prospectus, I thought that they might be the proprietors. I have no personal knowledge of the subject. It might be the some of the names given in the prospectus were only those of intending contributors. So far as the printed form of the receipt book is concerned, it does not show to what paper the subscription is made. One Pimpalkar Sahani is the manager of the *Arya Bhushan* press.

Re-examined by Mr. Inverarity.—The witness said the receipts were sent to me for the purpose of being filled up with the *Mahratta* and *Kesari* newspaper compliment.

Waman Shivram Apte said the relation of Tilak with the *Kesari* was the same as usual. He knew some of those who wrote the articles on Mr. Barve in the *Kesari*. The article of the 12th December was written by Agarkar Tilak had no part in writing that article. Agarkar, when asked, told witness that he himself had written the article. The article in the issue of the 17th January was written by Agarkar. He do not know who wrote the letter in the issue of the 20th September. In the issue of the 11th October, 1881, Agarker might have written under the heading "Editorial Hints." The article in the issue of the 18th October appearing under the heading of "Epitome of News," must have been taken from some other paper. Witness did not write the article. He had never written any article against Mr. Barve.

Mr. Inverarity.—You then repudicate all responsibility?

Witness.—Yes.

Mr. Inverarity.—You would not have done such a thing, I suppose?

Mr. Pheroshaw objected to the question, but his objection was overruled.

Mr. Inverarity.—Did you approve of the articles which appeared against Mr. Barve?

Mr. Pherozshaw again objected remarking that the witness might be questioned as to facts, not as to his individual opinion upon any matter.

The question being repeated, the witness said that he approved of the spirit of the articles. Mr. Agarkar or Mr. Tilak did not consult him before putting the articles. Witness was one of the irresponsible editors of the *Kesari*. He did not know whether Tilak was a responsible editor. Witness, Tilak and Agarkar managed the general business relating to to the *Mahratta* and *Kesari* newspapers their business also included the management of the English school at Poona. They all three taught the school.

Mr. Inverarity.—You three joined together as men of position and influence.

Witness.—I am not the proper person to say if I am a man of influence. It is for the public to judge. Witness then produced a copy of the prospectus of the *Kesari* newspaper.

After the examination of the above witness was finished, Mr. Pherozshaw intimated that as he had to attend a motion relating to this case in the High Court, and as he intended to cross-examine Mr. Barve at length, the case might be adjourned.

The case was then adjourned until to-morrow (Saturday) at 12 o'clock.

Holloway's Ointment.—Turn which way you will, go where you please, persons will be found who have already word of praise for this Ointment. For chaps, chafes, scalds, bruises, and sprains, it is an invaluable remedy. For bad legs caused by accident or cold it may be confidently relied upon for effecting a sound and permanent cure. In cases of swelled ancles, erysipelas, gout, and rheumatism, Holloway's Ointment gives the greatest comfort by reducing the inflammation, cooling the blood, soothing the nerves, adjusting the circulation, and expelling the impurities. This Ointment should have a place in every nursery. It will cure the long list of skin affections which originate in childhood and gain strength with the child's growth.

This great life-reviving medicine gives vitality and strength to the most shattered constitutions. It not only strengthens the system
